

SUMMARY

Motivated and detail-oriented software developer with expertise in full-stack development. Skilled in React.js, Node.js, and cybersecurity, with a passion for problem-solving and scalable solutions. Strong analytical and teamwork skills, committed to delivering high-quality applications.

EDUCATION

Bachelor of Computer Applications, GLA University, Mathura	2025
Intermediate, John Milton Public School, Agra	2022
High School, John Milton Public School, Agra	2020

INTERNSHIP

Muffliet Dec 2023 - Oct2024

Freelance Web Developer

- Worked remotely as a freelance web developer for 10 months.
- Contributed to the development of the e-commerce clothing website for Dimple Collection, a large local clothing store.
- Maintained clean, scalable code and consistently delivered work on time.

CERTIFICATE

Internshala Trainings Feb 2025

Web-Development

- Completed an 8-week online training covering HTML, CSS, JavaScript, React.js, and backend development.

PROJECTS

JOYTRIP (Ride Service Application)

Full Stack Developer

- Built a ride service application using **Flutter** and **Dart** to streamline city travel for users.
- Enabled travelers to visit multiple locations in a single ride without the hassle of repeated bookings, improving user convenience and experience.

V.O.L.T (Voice to Output Language Transcription) Web-App

Full Stack Developer

- Developed a real-time multilingual transcription app using React.js, Node.js, Whisper APIs, enabling seamless cross-language communication for professionals and individuals. Integrated sentiment analysis and tone transformation features for enhanced usability.
- Designed to revolutionize communication by providing real-time transcription in multiple languages, with features like emotion detection and tone transformation (formal/informal), enhancing usability in professional and personal contexts.
- Simplified cross-language communication through user-friendly, efficient functionality, catering to diverse audiences.

MENTORA (Learning Management System) Web-App

Full-Stack Developer

- Developed a LMS offering personalized learning for students and intuitive course management for educators.
- Integrated secure payment gateways and real-time features, ensuring a seamless experience for both students and instructors.
- Leveraged React.js, Node.js, and MongoDB for a scalable, interactive platform.

SKILLS

Technical Skills:

- Programming: Python, JavaScript, Java, PHP, C# (.NET)
- Web Development: React.js, Angular, Node.js, Express.js, REST APIs
- Database Management: MySQL, MongoDB, Firebase
- Tools: Git, GitHub, Postman, Jira, k6, Docker

Soft Skills:

- Problem-Solving, Teamwork, Analytical Thinking

EXTRACURRICULAR ACTIVITIES

- Participated in Hack-Vision Hackathon (College Organized Competition)
